Client Information and Agreement Form

- I am willing to be guided through relaxation, visual imagery, meditation or regression and or stress reduction techniques. I am aware that these modalities are spiritual based and non-medical in nature and it is my responsibility to consult my regular doctor about any changes in my condition or changes in my medication.
- **I understand that above modalities are not substitutes for regular medical care** and I have been advised to consult my regular medical doctor or health care facilitator for treatment of any old, new or existing medical conditions.
- **I understand that being in a metaphysical trance is not being asleep.** During a deep metaphysical trance, you can open your eyes, speak, laugh, walk and you may be aware of everything that happens around you. You can even open your eyes and think it is not working and are not in a trance. But when you allow those feeling or thought that come to you to flow freely as **Suzanne Bertolas** speaks to you, you will relax and remember forgotten events in this life and past lives.
- **I understand that change in my own and complete responsibility**. I understand a healing is a self-healing and that **Suzanne Bertolas** is only a facilitator in the process of helping me solve my own problem(s). It is my responsibility to be open, honest and provide accurate feedback and be forthcoming with details and information that may help me achieve my outcomes.
- **I understand that our session will be digitally recorded** for my later use and that **Suzanne Bertolas** retains the copyright of these recordings. **I also understand that in these types of metaphysical sessions, the energy in the room can affect the equipment and recording resulting in static or blank recordings.**
- **I understand that often in Hypnosis sessions, universal information is provided** through the client to benefit all of humanity. I agree to allow **Suzanne Bertolas** to share this either on video (optional)or in written form in blogs, or books or recordings as long as my first and or last name and or personal and relevant details are omitted and or changed. (on videos, you will agree on what to omit and Videos are not posted if you are not comfortable with that.)

I am of legal age (18)and understand I am entering a cooperative relationship of my own free will and I accept that I am a willing participant in this cooperative relationship that will employ Past life Regression techniques, or Quantum Soul Healing Integration , Remotely and any other appropriate modality by **Suzanne Bertolas.** Therefore, I hereby do release and discharge **Suzanne Bertolas** from all claims of damages, copyright, demands or actions whatsoever from any manner arising from or growing out of my cooperative participation. I have received and read this Client Information and Agreement form and I understand what I have read. Client Signature: _____ Date:_____

Client Information and Preparation Suggestions

Prior to Session

- Get plenty of rest the days and night before your session. The energy of hypnosis and combined Reiki energy can be stronger than you may be used to. I want to make sure you are as rested as possible so you have an enjoyable session.
- After your session you will feel well rested, alert and wonderful
- Drink plenty of water.
- Eat something light before your session as it may be several hours before you are able to eat again. Up to 5 hours.
- You will need to eat something after the session to ground you, so perhaps bring a snack for the drive home.
- Write out a list of up to 20 questions that you want answered. More about this on the website.
- Wear comfortable clothing
- Don't forget, contact lens case, and glasses, if you wear them for in person sessions.
- Remember no one is permitted to be with you during your session,so make sure if you are being driven to your session that your companion has something to do while you are in your session for several hours.
- In Remote sessions, it is your right to have someone in the room with you for your own level of comfort or if you wish them to monitor your recording devices and equipment.
- **Suzanne Bertolas must be aware of any other parties in the room during your session.** Should she feel at any time, there is someone in the room, without her knowledge, the session will be cancelled or rescheduled for a later date. No refund will apply should this situation arise.
- **Sessions are recorded by Suzanne Bertolas video and Audio.** Should you record your own version during remote sessions, **Suzanne Bertolas** must grant 100% written consent for its release on Internet, or in any other form, digitally or audio, written or otherwise.
- I have read and understand the Equipment requirements on Website, or written email etc…for remote sessions, and take full responsibility for the quality of my session, in regards to what I have organized on my end for the (your choice of program..I use Zoom)
- **Suzanne Bertolas** will not be held responsible if I did not follow her guidelines in regards to proper equipment set up.

- Try to meditate and connect to your higher self, share your heart with your angels and guides, so that they understand the things you need clarification on if you forget to write them down.
- **Open your mind to expect the unexpected and come to your session with NO expectations or feeling you will uncover exactly what you want to in a past life. Your higher self will navigate you to the most appropriate time and place in your past that holds significant information that may be causing issues or that you need clarification for in this life. Expecting too much if you are not ready, can block access to your HS.**
- Trust the process, if you don't believe, you will block your curiosity and imagination, which is key to this procedure.
- Be excited, and open for this experience, we are going to have a GREAT, and Relaxing time. Remember your Higher Self has guided you to this session for a reason, So TRUSTING is the #1 most important factor that should apply.
